Ted Gandolfo phoned from Michigan to say that Att. Will Fritz's family has the tapes he made secretly of his 14 hrs of Oswald interrogation. Oswald said he worked on UN, CIA & FBI and gave the names of those who handled (?) him. To be disclosed in 3-4 weeks, he is telling only Lane and me with family permission. A lawsuit or and a Congressional to be involved in the disclosure of the tapes. I am to be further informed by an "un-of the day" means, I think closer to time of disclosure (I wonder why a 3-4 week delay?) I hope this is no some kind of trick but I did not ask any question.
